LIBRARY TRANSFORMATION 2020 TO 2023

In November 2021, the management approved the relocation of the Library from the Mezzanine Floor to the 3rd Floor of the same building.

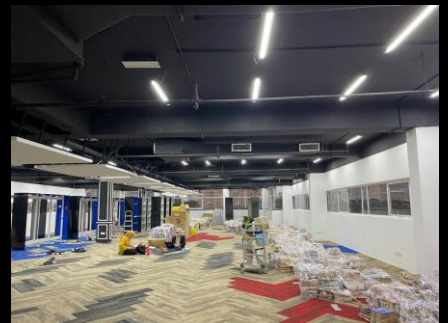

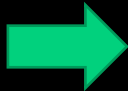

Under the leadership of the Head Librarian and the Special Project Team, the new Level 3 Library was redesigned to embody a modern, bold, and friendly environment. We retained and repurposed selected items such as bookshelves, equipment, and the security gate, while all furniture and fittings were replaced with new ones—including the installation of an Interactive Board.
