HEAD OF LIBRARY MESSAGE

Welcome everyone.

It has been almost eight years of leading City University Library—transforming it from ground zero into a library that is now recognised and appreciated by academicians, students, and accreditation panels.

You may be wondering, what is this Special Edition all about?

Please take a few minutes to explore **Library Journey 2016–2023 Special Edition: Resetting & Covid Pandemic.**

Inside, you will find our key milestones and the incredible Library Moving Project that shaped who we are today.

My heartfelt appreciation goes to the City University Executive Director, YBhg Datin Rohaidah Shaari; Vice Chancellor, Ms Rosnizah Shaari; as well as our academicians, students, and the entire library team for your unwavering support to City U Library.

[The End]

Ms Nur Azura Tajudin
Head of Library
MSc Knowledge Management, UiTM

VISION AND MISSION

Vision

- To provide high quality of service, information, research in supporting the information efficiency and systematically.

Mission

- Produce culture and information rich knowledge through reading and information literacy as well lifelong learning culture
- Improve the quality of service through :
 - References and information services
 - Provision of information resources and technology
- Improvements in infrastructure and library facilities to support teaching and learning process as well promote culture of reading. .

ABOUT LIBRARY

- CityU Library Journey 2020–2023 is a continuation of the Library Journey 2016–2019. This edition highlights the Library's transformation, key activities, and enhanced services over the years.
- In February 2022, CityU Library relocated to Block A, Level 3. Today, we serve the main campus and three branch campuses, supported by a dedicated team consisting of Head of Library and six librarians. Our librarians play a vital role in assisting users with day-to-day library needs—searching for books and resources, locating materials, printing, educating users on library platforms, conducting Information Literacy sessions, and supporting academic and postgraduate research.
- The current CityU Library can accommodate up to 121 users at a time and consists of six functional zones: an interactive area equipped with an interactive board, a reading area, individual study spaces, a leisure area, a bar-table corner, and a computer area. The library houses approximately 11,000 printed books, media resources, and supporting materials.
- Since our relocation in February 2022, the Library has undergone significant positive changes. We look forward to continuing this momentum and ensuring the sustainability and continuous improvement of CityU Library.

LIBRARY ROLES IN SUPPORTING CITY UNIVERSITY

LIBRARY TRANSFORMATION

Since 2016

2017 – February 2022

MAY 2022

LIBRARY MILESTONE

2016 TO 2019

Enhancement Library services :

* 13th Oct Installation of Security Gate, Inserting Security Strips into the Books and Audio Visual as well as implement Barcode system.

* Month of May – conduct Training to Academic on Plotter usage, Ebook ProQuest access, Emerald and Turnitin access

2017

* Organized the Library Open Day with lots of Activities

* Organized Emerald Research Publishing Workshop on December 2017

* Installed SPSS Software in Library PC's

* Received Donation from Late Associate Prof Saari Bin Omar (Advisor Architecture from UM)

* Rearrange the Library Furniture to reduce Noise and Group chatting.

2018

2019

KEY-IN LIBRARY COLLECTION DATA INTO KOHA SYSTEM

All library items must be recorded in the KOHA Library System according to library cataloguing standards. This ensures accurate tracking of borrowing and returning, efficient resource searching through the Library Portal (Book Search platform), and the ability to generate book lists required for Accreditation purposes.

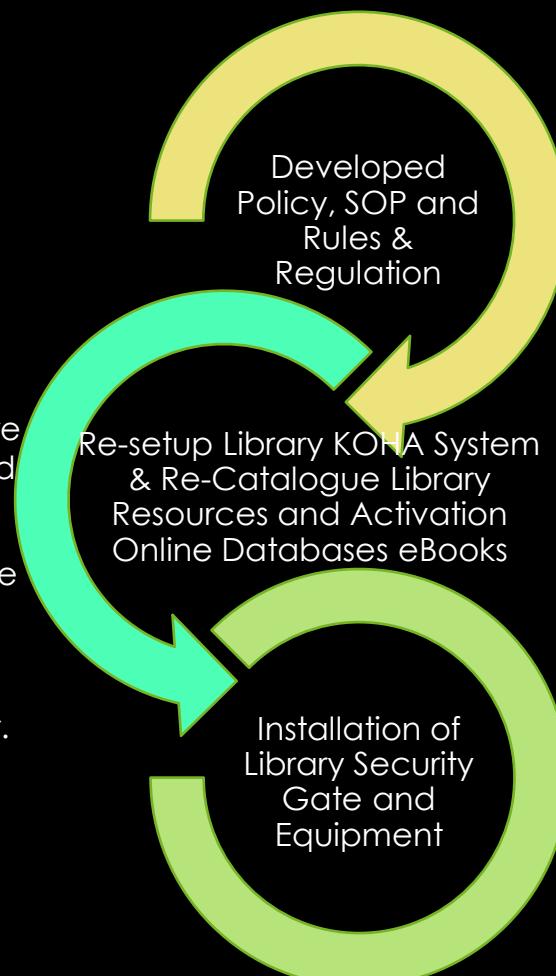

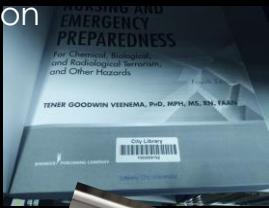

LIBRARY MILESTONE -2016

A total of 11 Standard Operating Procedures (SOPs) and 1 Library Policy have been developed. The Library also revised all Library Rules & Regulations, borrowing and loan privileges, as well as library signage to ensure clarity, consistency, and better user experience

On 13 October 2016, the Library installed a new security gate and sensitizing machine at the Circulation Counter.

Around the same time, the Library also began the project of inserting security strips into all library resource items to enhance collection security.

As of April 2016, the KOHA Library System contained only 575 catalogued items. However, the physical collection on the library shelves exceeded 6,000 items, including books, audiovisual materials, magazines, and more. The data submitted to MQA at that time was also not aligned with the actual physical collection.

In May 2016, the Library began reconfiguring the KOHA Library System to ensure it could function as the main system for managing library resources, user data, and all user transactions.

Starting in November 2016, the Library initiated a project to catalogue all library resources using international library standards, specifically the Dewey Decimal Classification (DDC) and the Library of Congress Subject Headings (LCSH).

The Library also developed standard formats for Call Numbers and Barcode Numbers to ensure consistency and accuracy across all library materials.

LIBRARY MILESTONE -2016 – ACADEMICIAN TRAINING

2nd May :
Plotter training (Architecture
and Design lecturers)

Plotter Training
(Architecture Staff)

Conduct

Library's Briefing session to MIT, MSc(BA), PhD and
DBA candidates on 22 June 2019

Dr. Tan Lin Lah <linlah@city.edu.my>
to me, Prof.

Dear Ms Azura,
Re the above, as of todate, there are 13 candidates who have confirmed attending your session for this coming Saturday, 22 June 2019, 2pm. Please find attached information on the candidates' information for your preparation.

Currently, there will be a LCD and laptop available for your use. I just guided a candidate to the 'student's portal' last Saturday.

Prof Selvanathan will update if there any changes to the list.

Warmest regards,
Lin Lah

LIBRARY MILESTONE - 2022 LIBRARY MOVING PROJECT FROM LEVEL M TO LEVEL 3

The Library Moving Project began in November 2021 with layout design discussions involving the Special Project Team. After several months, the project was put on hold and resumed in February 2022.

Library staff started packing all books from the end of November 2021 and continued until January 2023.

On 22 April 2023, the Library at Level M was fully vacated to allow renovation works to proceed.

LIBRARY MILESTONE - 2022 LIBRARY MOVING PROJECT FROM LEVEL M TO LEVEL 3

On 25 April 2022, the Library engaged professional movers to transfer all library items from Level M to Level 3, even though the renovation was not yet completed. The relocation took place during the fasting month, making the process even more challenging for the team.

LIBRARY MILESTONE - 2022

LIBRARY MOVING PROJECT

FROM LEVEL M TO LEVEL 3

Painting and hacking works for Library Level 3 were completed on 31 May 2022.

On 11 May 2023, the Library engaged a shelf-wrapping service to wrap all end-panel shelves in black for a bold and modern appearance.

Due to the large number of windows in the library, tinting was necessary. The window tint installation was completed on 9 June 2022.

On 12 June 2022, the installation of library shelves and the arrangement of books took place, with support from the Maintenance Team, MIS Team, and Purchasing Team.

LIBRARY MILESTONE - 2022 LIBRARY MOVING PROJECT FROM LEVEL M TO LEVEL 3

On 14 June 2022, Library Level 3 was officially opened to students and academicians.

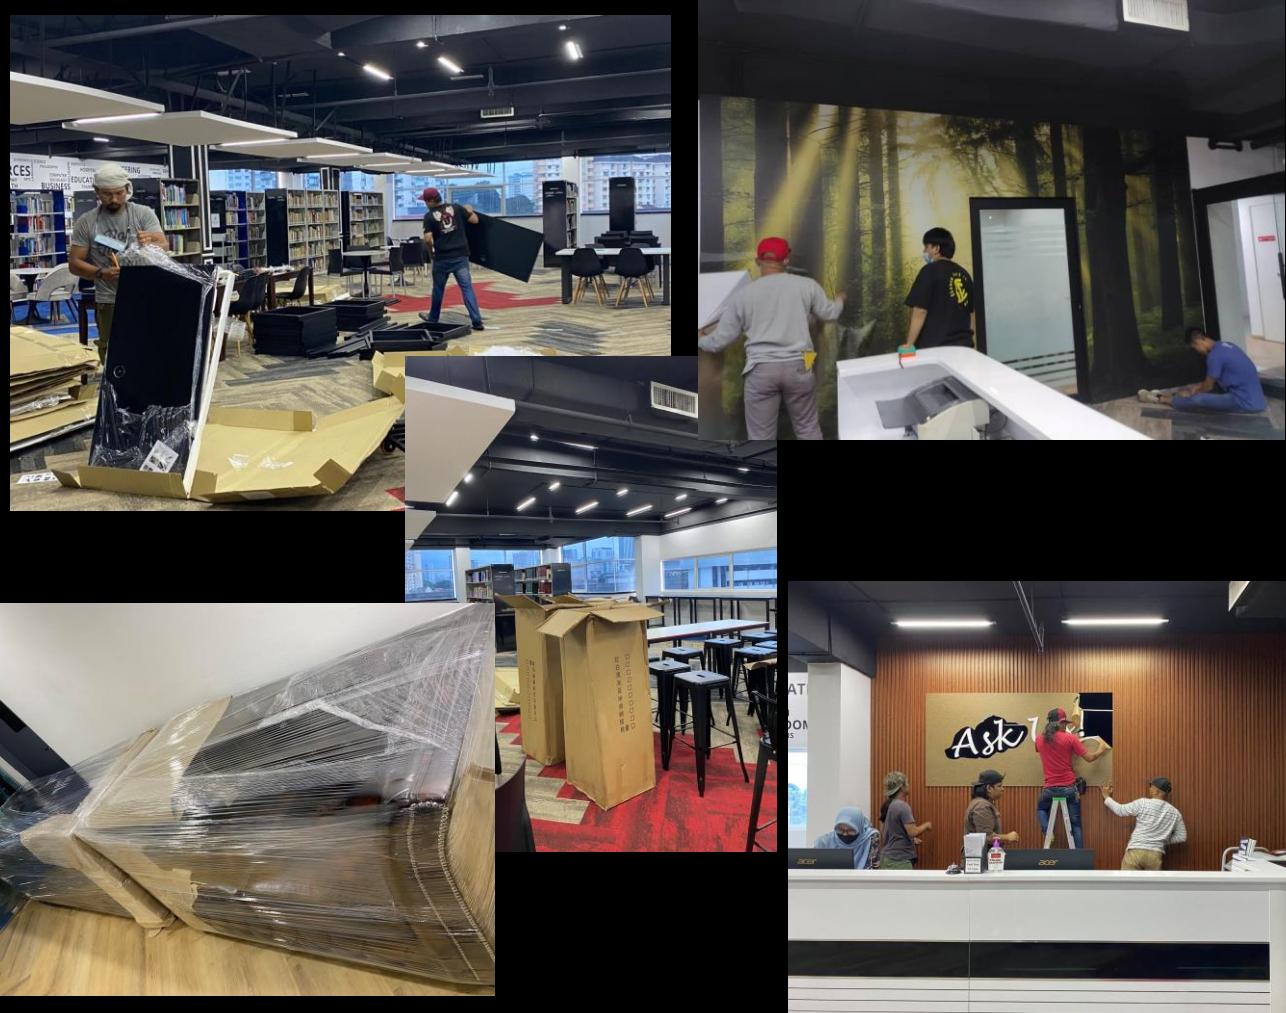

This also marked the first time the library was filmed by external media for promotional purposes.

LIBRARY MILESTONE - 2022 LIBRARY MOVING PROJECT FROM LEVEL M TO LEVEL 3

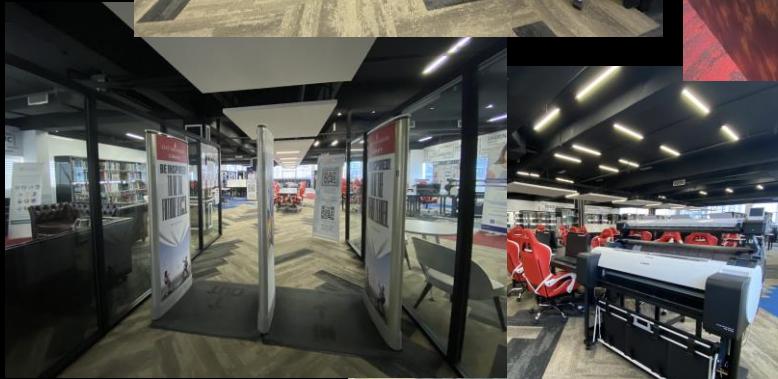

New furniture was delivered in batches starting in early August 2022.

Interior installation took place gradually from 9 September 2022 until 28 February 2023, completed batch by batch.

LIBRARY MILESTONE - 2022 LIBRARY MOVING PROJECT FROM LEVEL M TO LEVEL 3

Complete Furniture and Interior Design in End of February 2023

LIBRARY COMMUNICATION PLATFORM

- Via Email – library.cityu@city.edu.my
- Via Library website (Chat with Librarian)
 - URL : library.city.edu.my

The diagram illustrates the Library Communication Platform with three main components:

- Library Website:** A screenshot of the library's website homepage. It features a banner image of a study area, a navigation bar with links like Home, Library @ CityU, Online Resources, Subject Guide, Information Literacy, and Contact Us, and a footer with social media icons. A large green arrow points from this page to the right-hand 'Contact Us' form.
- Contact Us Form:** A screenshot of an 'Email US' contact form. It includes fields for Name (required), Email (required), and Comment (required), along with a large green 'Submit' button. A green arrow points from this form up to the 'Chat with Librarian' interface.
- Chat with Librarian:** A screenshot of a chat interface. It shows a green header box with the text: 'Please fill out the form below and we will get back to you as soon as possible.' Below this is a form with fields for Name, Email, and Message, and a green 'Submit' button. At the bottom, there is a red button for 'Wifi Zone Free for all' and a close button (X). A green arrow points from the 'Email US' form up to this interface.
